

Viau Terminal

MONTRÉAL, QUÉBEC

TERMONT

Termont provides container handling at the Port of Montréal's new Viau Terminal. This redeveloped site includes a full-service berth, state-of-the-art Post-Panamax cranes, an automated truck-marshalling gate, an efficient intermodal service using on-terminal rail operations, and a high-density container yard.

Between our two terminals, we will be able to safely accommodate over one million TEUs of containerized cargo once both phases of the Viau Terminal project are completed.

SERVICES OFFERED

- Cargo handling
- Terminal management
- Transloading
- Outdoor storage
- Security

EQUIPMENT

- STS Post-Panamax Plus container handling cranes
