

# Port Manatee FLORIDA

LOGISTEC

We handle large volumes of containerized (reefer) and palletized fresh produce on behalf of major shippers. Our inventory systems track cargo in real time at refrigerated warehousing facilities directly at the port. Logistec's operations recently received Food Safety Management Systems (FSMS) certification from PrimusGFS.

Our experienced team is also equipped for all types of steel (structural, sheetpile, coil) and other break-bulk. We're located right near the entrance to Tampa Bay, which reduces steam time by about three hours each way.

## SERVICES OFFERED

Cargo handling  
Stevedoring  
Refrigerated warehousing  
Transloading

## EQUIPMENT

Gottwald 6407 mobile cranes  
Tandem lift up to 100 metric tons
