

Portsmouth VIRGINIA

CrossGlobe is a premier logistics service provider at the Port of Virginia. We offer drayage and local intermodal transportation to and from all of its marine terminal facilities, rail yards, and customs exam stations.

We are a U.S. Customs bonded carrier, conveniently located across from Portsmouth Marine Terminal. Our specialized equipment allows us to handle overweight containers and provides flexibility in meeting your payload needs. We also have a fleet of 20-foot triaxle chassis to haul heavy cargo.
