## BALTIMORE, MARYLAND

LOGISTEC

LOGISTEC handles cargo on behalf of many of the world's largest forest product companies, including manufacturers of magazine and tissue papers.

In many cases, our strategic location can help reduce your inland transportation costs. We offer a variety of cargo handling, warehousing, and distribution options. Our clean, paper-grade facilities can accommodate over one million square feet of cargo.

Our experienced team uses a range of modern equipment, including the latest clamp technology. We also offer roll repair service so that, the event that cargo is damaged during ocean transit, we can restore paper rolls before they reach your clients.
